

Leitner-Poma Control Systems and Schematics

**Monday – May 7, 2018
8:30am – 4:30 pm
Leitner-Poma Factory**

Recognizing electrical schematic symbols, following circuits using cross references, Relay, Switch, and Push Button logic, and understanding processes for different control circuits.

Identifying the severity of a fault situation, where to start, staying on the path, and what to do when you find the problem?

Purpose of Fault Annunciator/Indicator; understanding Fault Code/Text; matching Fault Code/Text with electrical schematics, and troubleshooting based on Fault Code/Text.

Class size: Minimum 12 required – Maximum 20 on a first come basis.

If the minimum of 12 is not reached by March 30, 2018, the class will be canceled.
